## BUS SERVICES

---

# WASHINGTON

**R**E-ROUTED  
**R**E-VISED  
**R**E-NUMBERED

On Thursday, 22nd November, 1973

5P

**THE NORTHERN GROUP OF COMPANIES**  
 Associated with National Bus Company  
**WASHINGTON'S BUS SERVICES**

**RE-ROUTED—REVISED—RE-NUMBERED**  
 Thursday 22 November 1973

**RE-ROUTED—Why?**

Because of two important events on 22 November 1973; the opening of more shops in the new Town Centre which will incorporate the Central Bus Station and the closure of Spout Lane. Thus existing services have to be revised and we are re-routing them via the Town Centre.

**REVISED—Why?**

So that we can improve bus facilities for the ever increasing population of Washington particularly in the new villages. For example, services are being introduced into the developing villages of Biddick, Glebe and Oxclose, together with a wider range of services in many of the established areas.

FOUR completely new services are being introduced; Town Service, Washington—Chester-le-Street, Washington—Sunderland, Brady Square—Concord.

The Group, in consultation with the Washington Urban District Council and the Development Corporation, has attempted to meet the changing travel patterns which stem from the far-reaching changes in the urban structure and indeed in the business and social needs of the community. Careful planning of the new service patterns seeks to meet all these requirements, but there may still be areas in which further modification is needed to meet individual requirements and any comments or suggestions you may wish to make on the new pattern of services will be welcomed at the local offices.

**RE-NUMBERED—Why?**

As part of the plan to rationalise all route service numbers in the area so that each route will be distinguished more easily. A list of the new numbers and routes appears overleaf.

**HOW DO I KNOW HOW I WILL BE AFFECTED?**

By studying the information on page 44 and inside back cover in conjunction with the map you will see which routes serve your particular needs. Each new village household will receive a timetable folder of the new times from their village.

**NEWCASTLE—HARTLEPOOL**

via Washington, Peterlee

Service X5

Operated by Northern General Transport Co. Ltd., Sunderland District Omnibus Co. Ltd. and United Automobile Services Ltd.
