TRY THE NEW TRAVEL EXPERIENCE  
FOR BUS USERS  
**JOURNEY PLANNER**  
SUNDERLAND, WASHINGTON & HOUGHTON  
SUMMER 2006 (FROM 30 JULY)  
ESSENTIAL TRAVEL DETAILS FOR

**Sunderland Go'n'Save**  
For travel all day within Sunderland we launch a new local price Sunderland Go'n'Save Day Ticket at £2.80 for as many journeys as you want to make in a day. This is £1.10 cheaper than our current day ticket. This covers an extensive area as far as the A19 in the west and the city boundary in the north and south.

**The Washington Triplex**  
We are hoping to launch a new discount ticket in Washington with Nexus in August: the new 'Triplex' ticket will, uniquely allow travel to three key destinations: Newcastle, MetroCentre and Sunderland, by three transport modes - local bus, express bus and Metro, using three different routes, all at reduced prices.

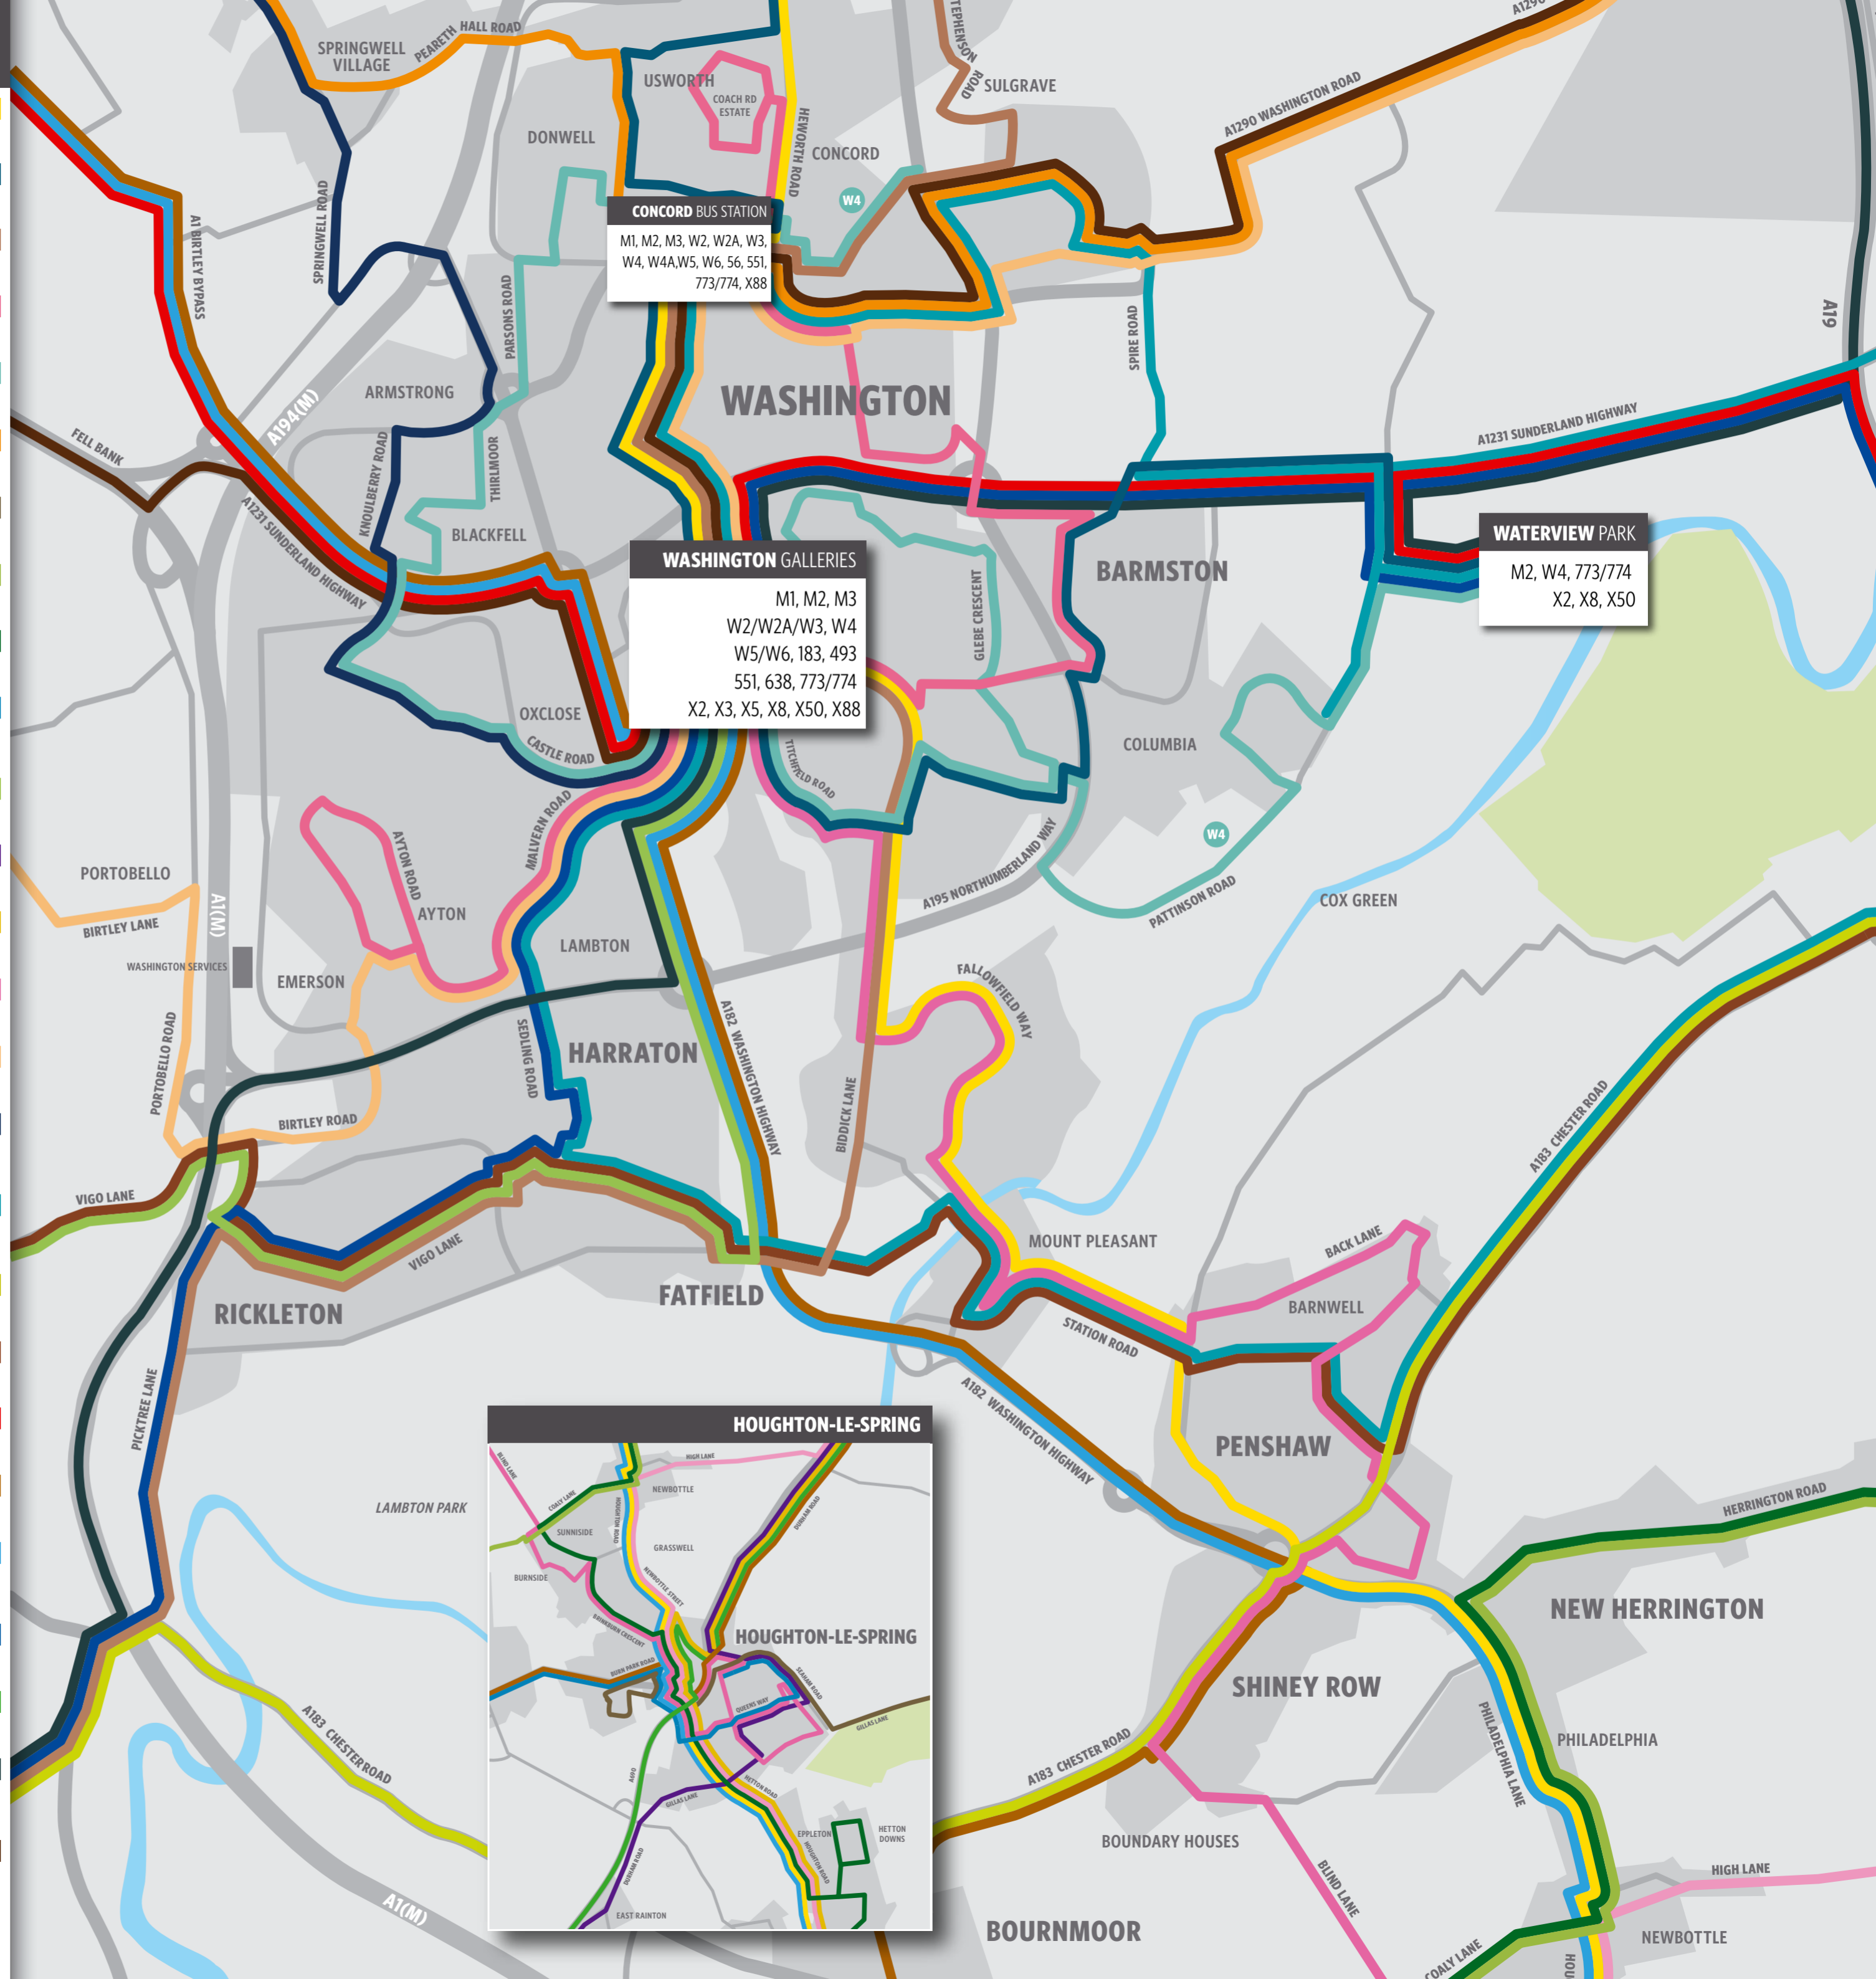

**Family Savings**  
On 15 July we launch our family ticket allowing five people travelling together (up to 2 adults and three children) to make unlimited journeys in Tyne & Wear for as little £1.50 a day each (£7.50). For £10 a family of five can also travel anywhere on our network - from Middlesbrough to Blyth for £2 a day each. This reduces the cost of travel by up to 30%.

**Get Around This Summer**  
Through the summer holidays and until 30 September, there will be a Get Around weekly Saver ticket for young people at £9. There are great money off deals for leisure activities and a fabulous competition for young people in our 'Get Around This Summer' promotion.

**Our FairFare Project - reducing the cost of bus travel**  
In recent years we have had to increase bus fares well ahead of inflation to meet substantial extra spending on fuel, wages, insurance and other costs. Inevitably we have lost some passengers because of this and we want to see whether some fare reductions for particular types of customers and particular journeys can be sustained.

We are starting with new initiatives in July to reduce the cost of travel in Sunderland for passengers making several journeys in one day and to allow a family to travel together with a substantial saving against individual fares.
